Milestone Review Presentation

Young Professional Internship Program 2025 | 25/08/2025

Agenda

1. Completed Projects

Showcases the scope, objectives, and key results of the work accomplished.

2. Acquired Knowledge

Highlights both technical and soft skills development.

3. Encountered Challenges

Reflects problem-solving abilities and adaptability.

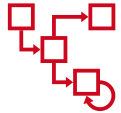

Completed Projects

An overview of the work I successfully completed

Microsoft Lists Database

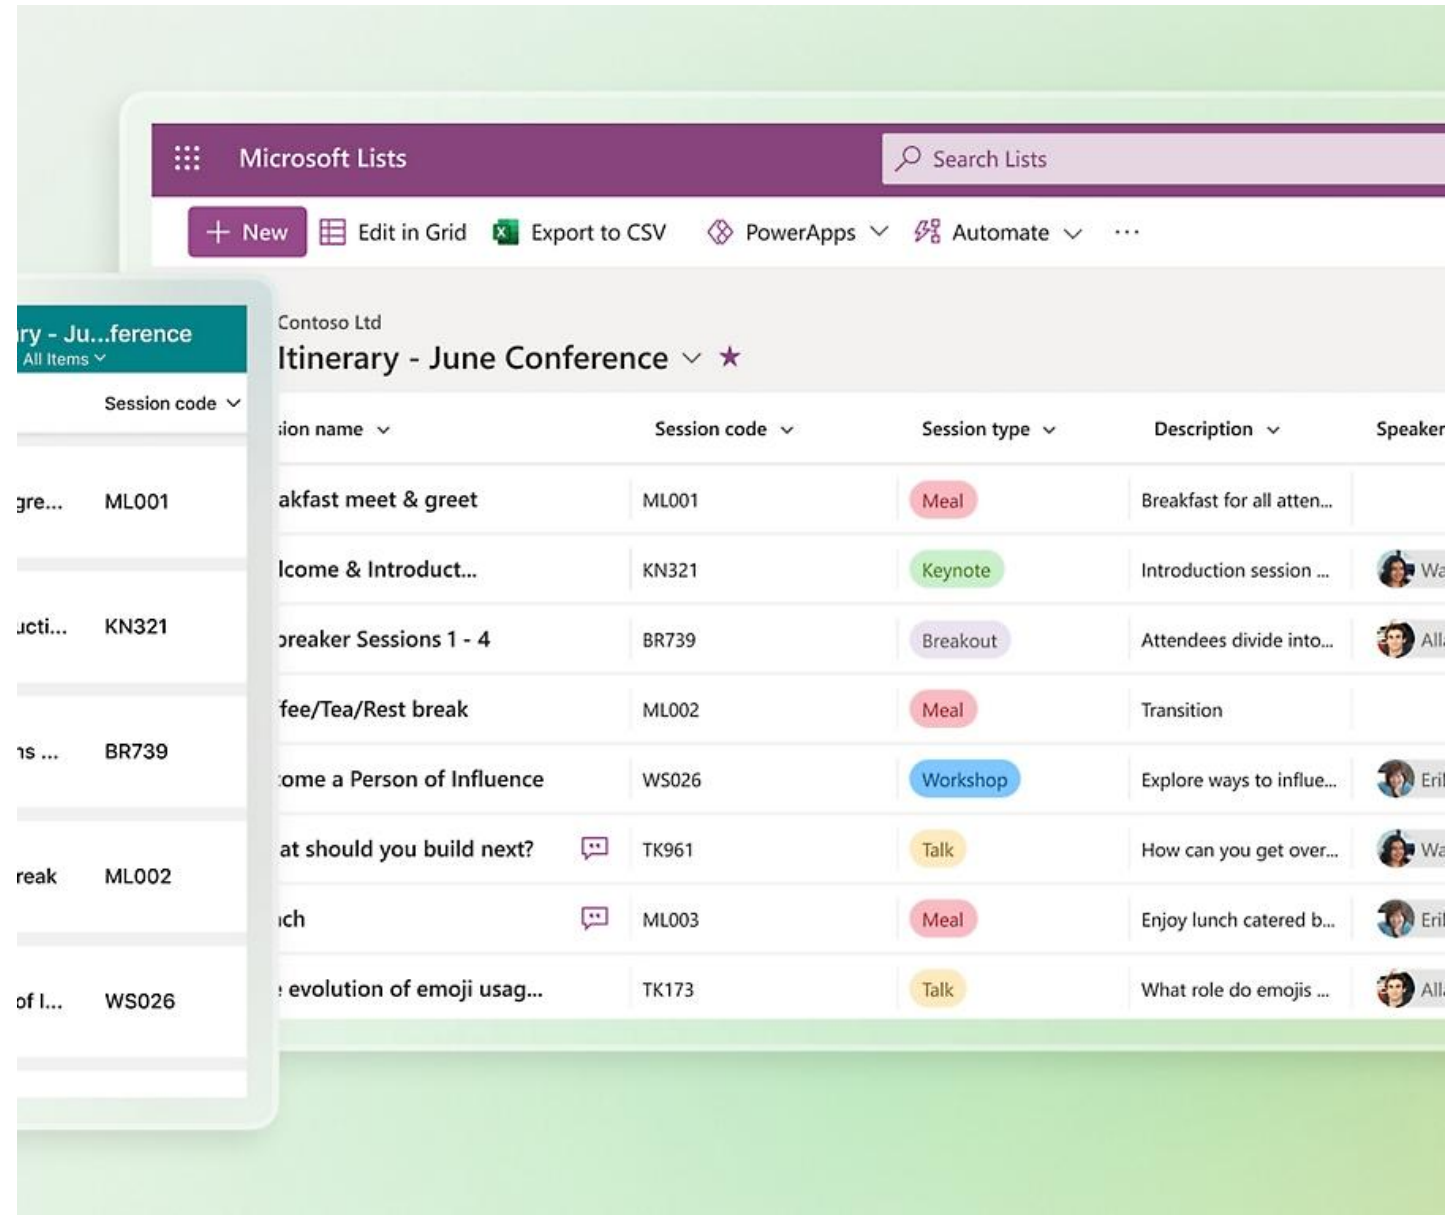

Analyze entities based on UI

Design tables and relationships

Write queries for each screen

The screenshot displays the Microsoft Lists application interface. At the top, there's a purple header bar with the title 'Microsoft Lists' and a search bar labeled 'Search Lists'. Below the header, a navigation bar contains buttons for '+ New', 'Edit in Grid', 'Export to CSV', 'PowerApps', 'Automate', and a menu icon. The main content area shows a list of sessions for 'Contoso Ltd' under the title 'Itinerary - June Conference'. The list has columns for 'Session name', 'Session code', 'Session type', 'Description', and 'Speaker'. The sessions are listed in a table format with various session types like 'Meal', 'Keynote', 'Breakout', 'Workshop', and 'Talk' highlighted with colored tags.

Session name	Session code	Session type	Description	Speaker
Breakfast meet & greet	ML001	Meal	Breakfast for all atten...	
Welcome & Introduct...	KN321	Keynote	Introduction session ...	Wa...
Breaker Sessions 1 - 4	BR739	Breakout	Attendees divide into...	All...

The evolution of emoji usag...	TK173	Talk	What role do emojis ...	All...

Microsoft Lists Unit Test

Designed test cases to validate core logic and functionalities

Applied 3-layer architecture to implement and test queries

Used DTOs to return only necessary frontend data

Tested with H2 in-memory database simulating real DB behavior

Spring Boot DI Simulation

Built a simple DI mechanism inspired by Spring

Utilized Java Reflection for runtime dependency injection

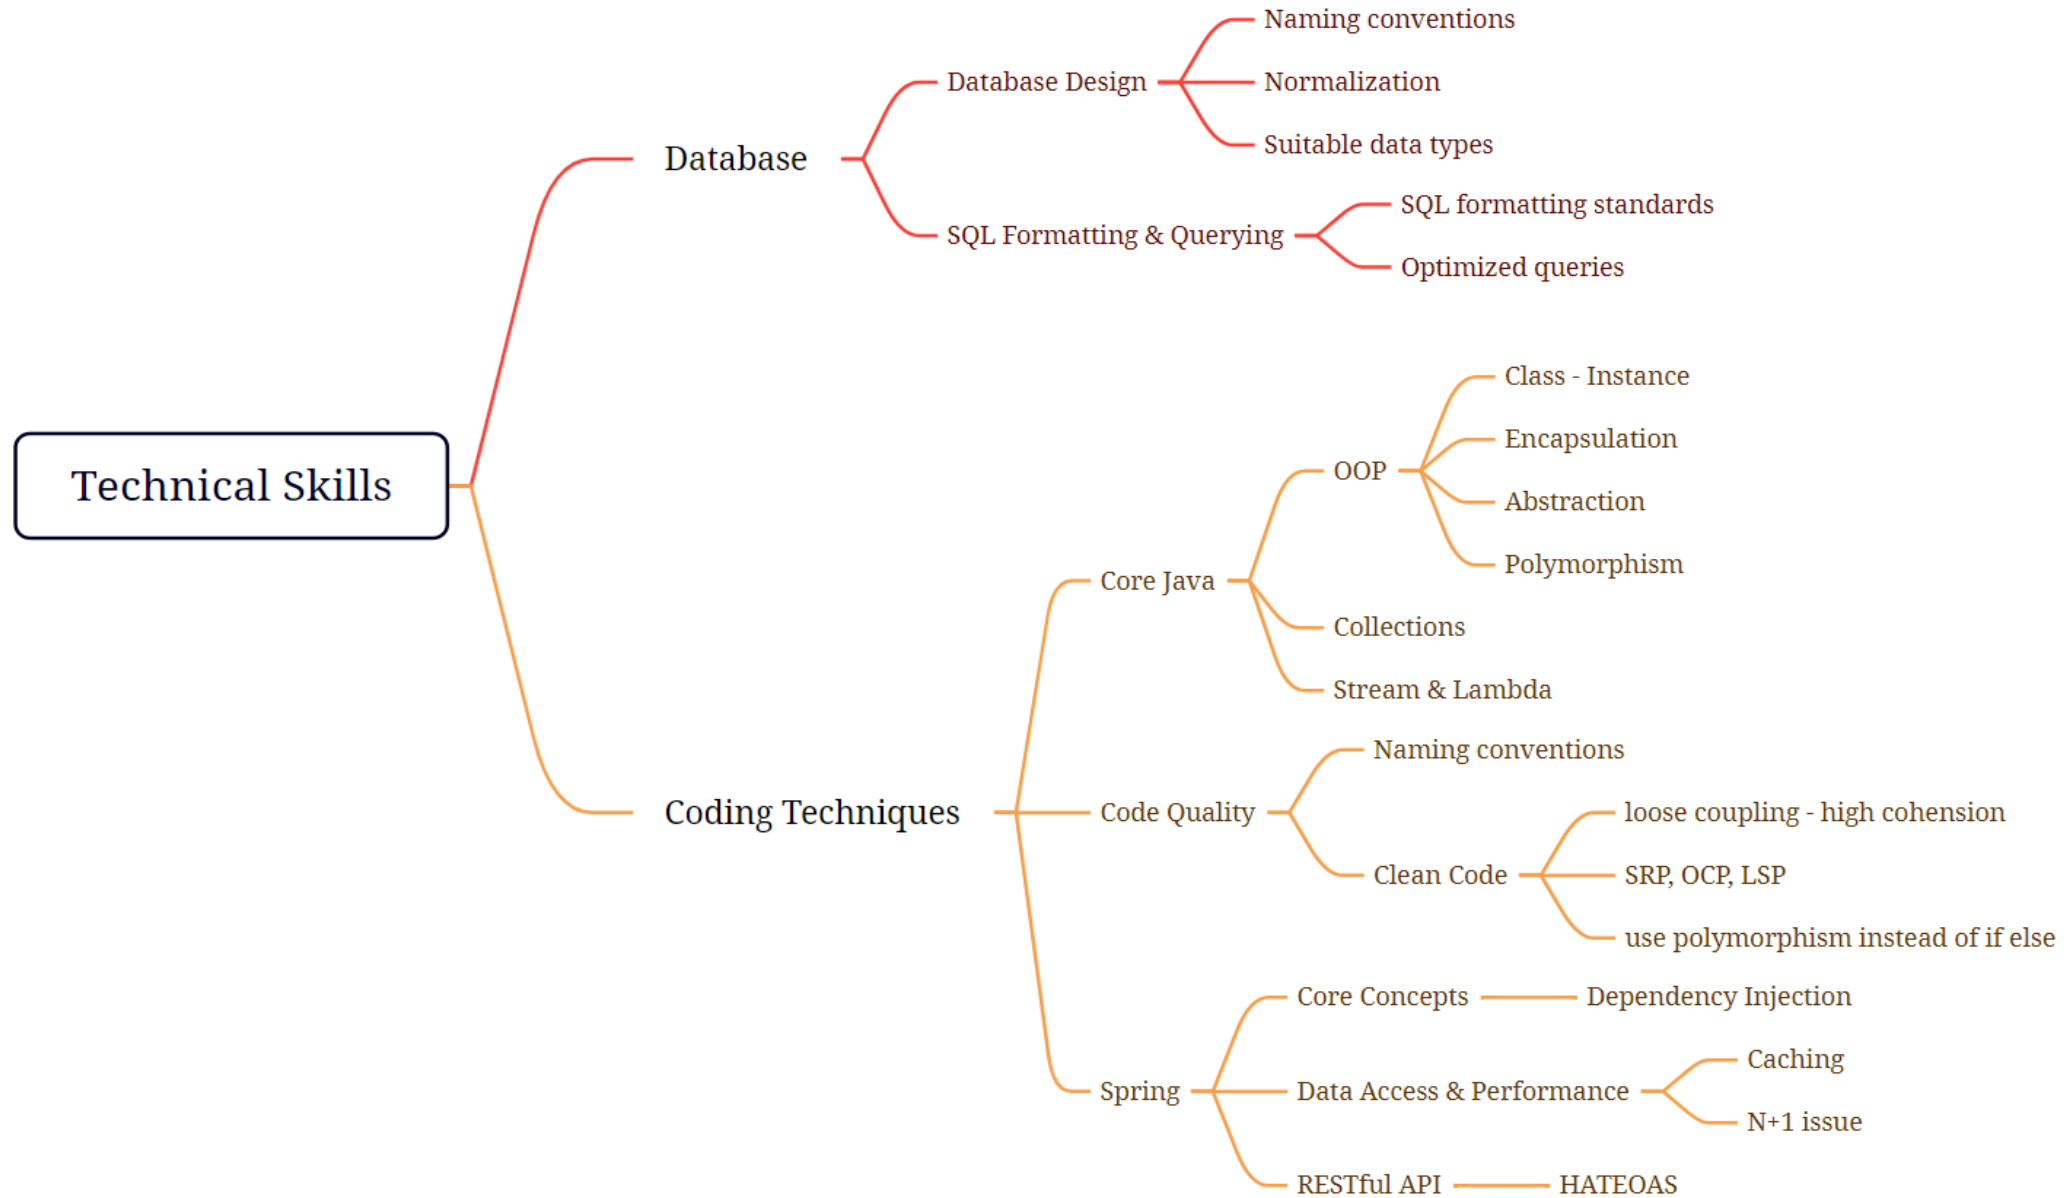

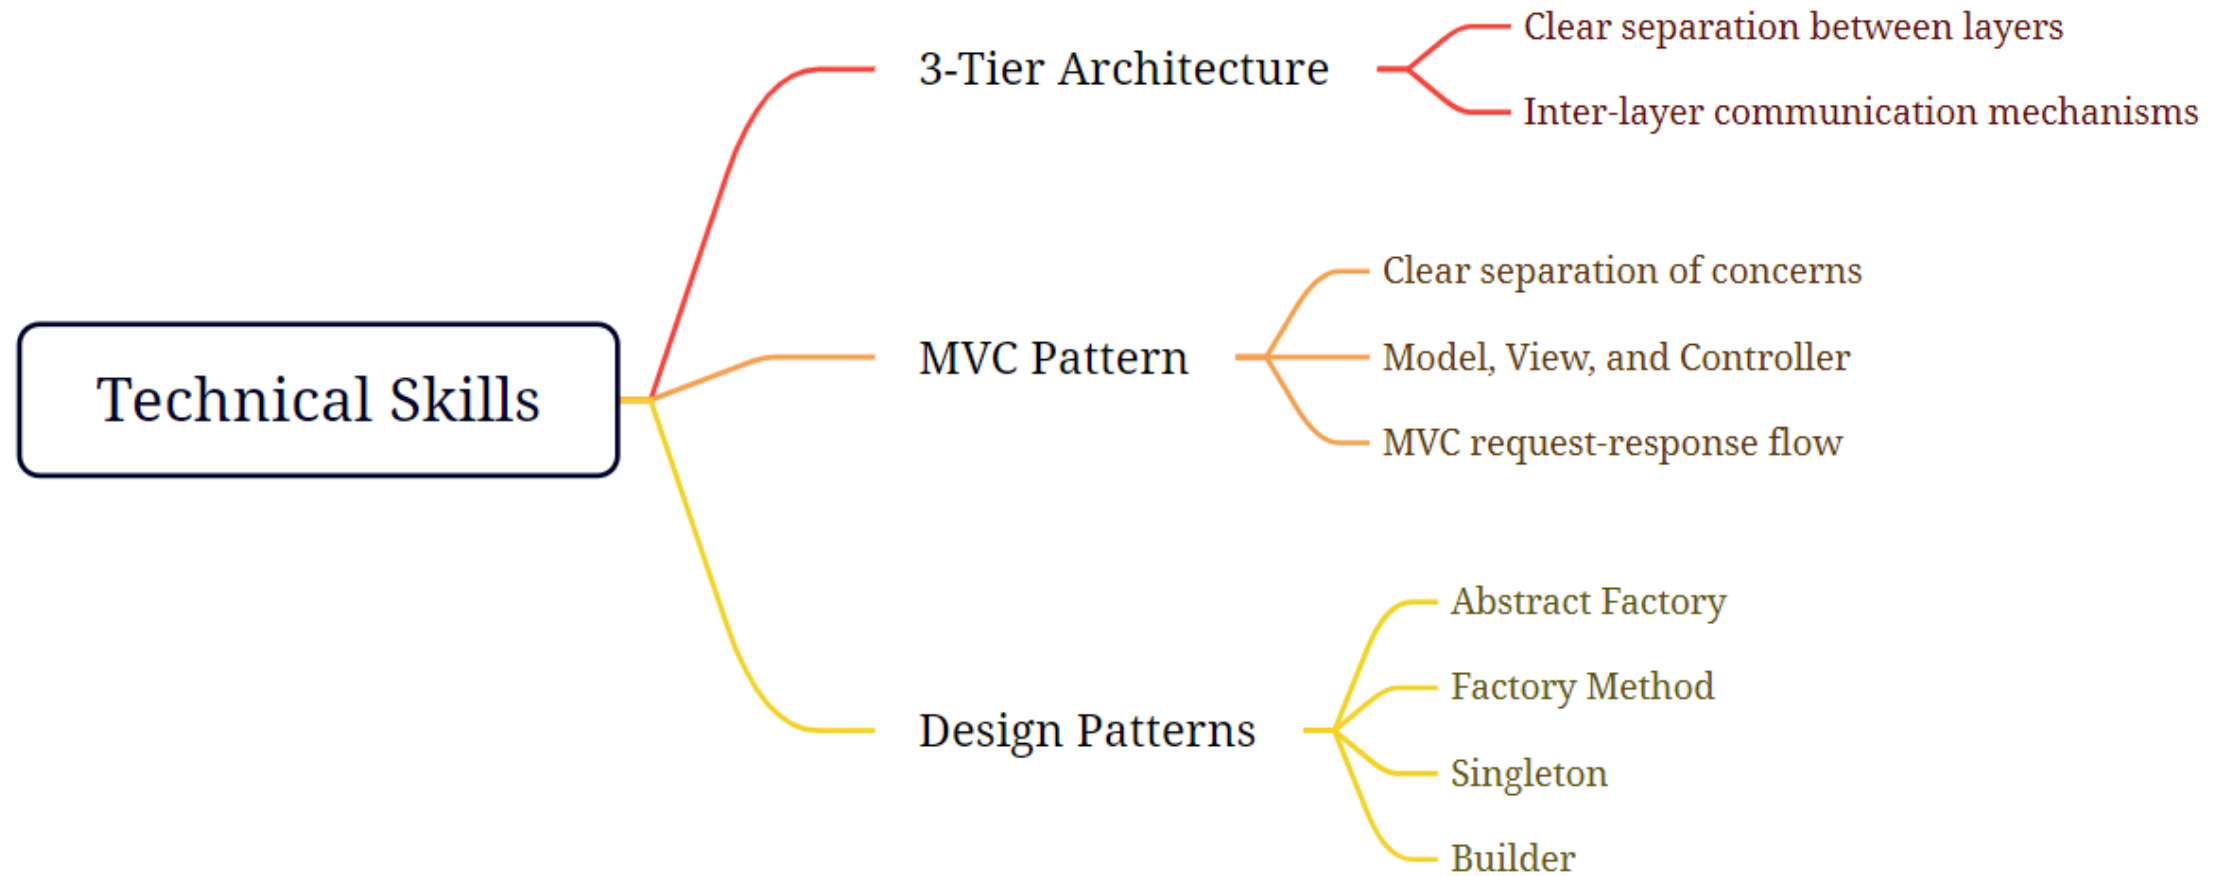

Acquired Knowledge

Key skills and insights gained during the project

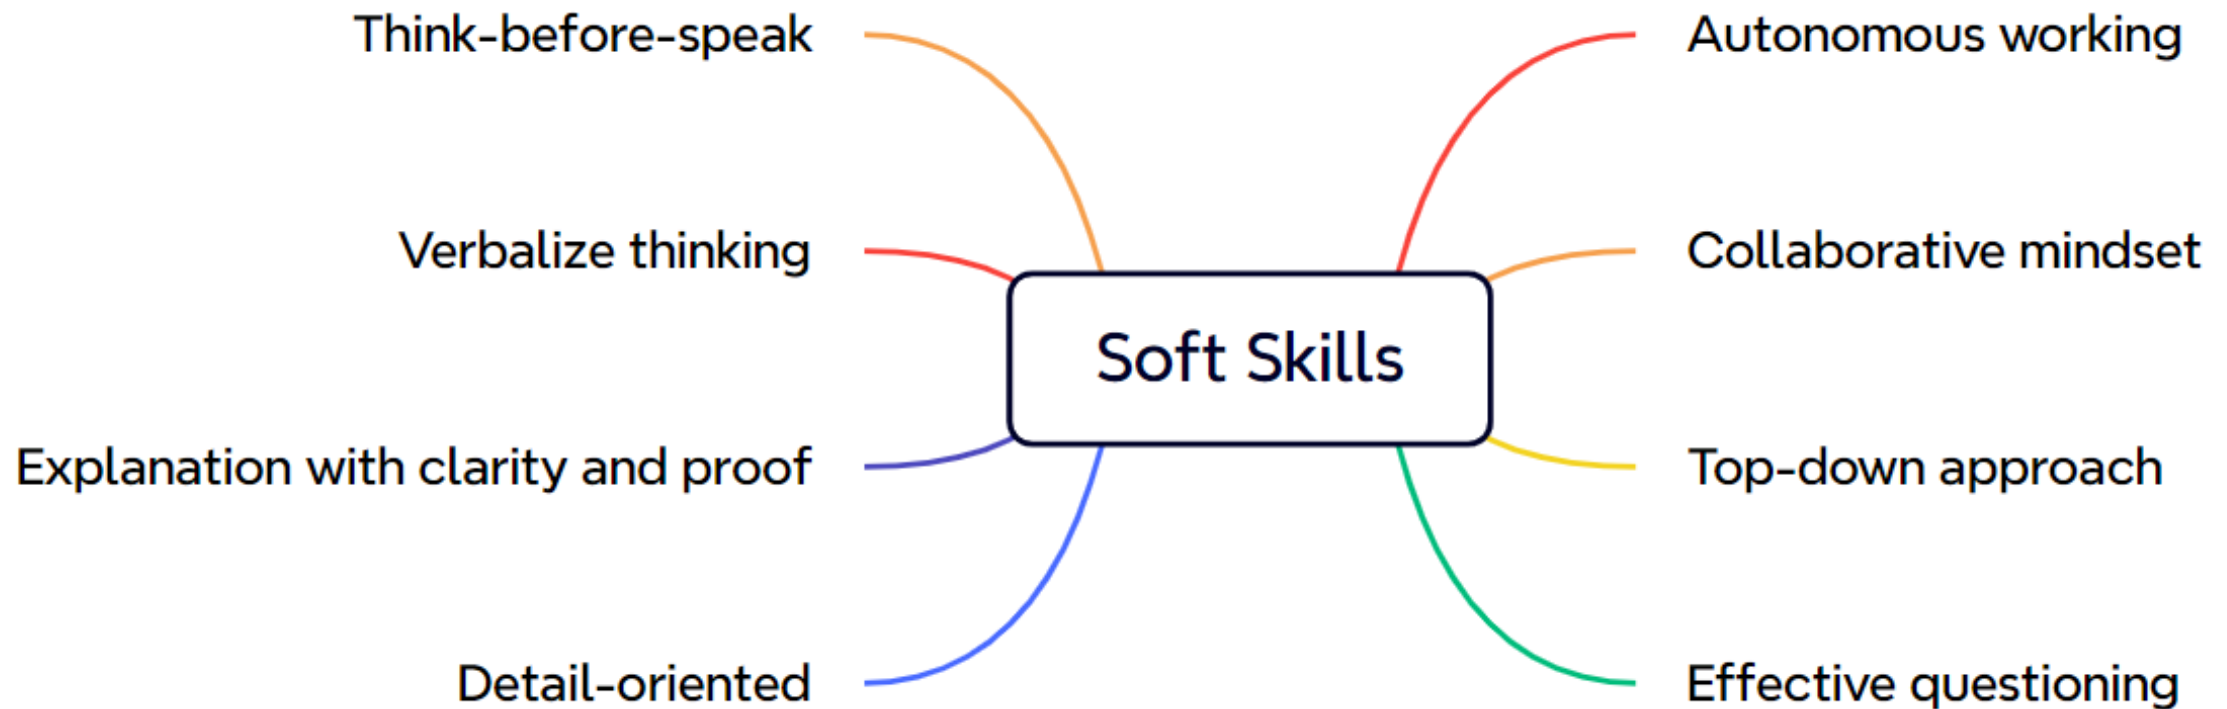

Technical Skills

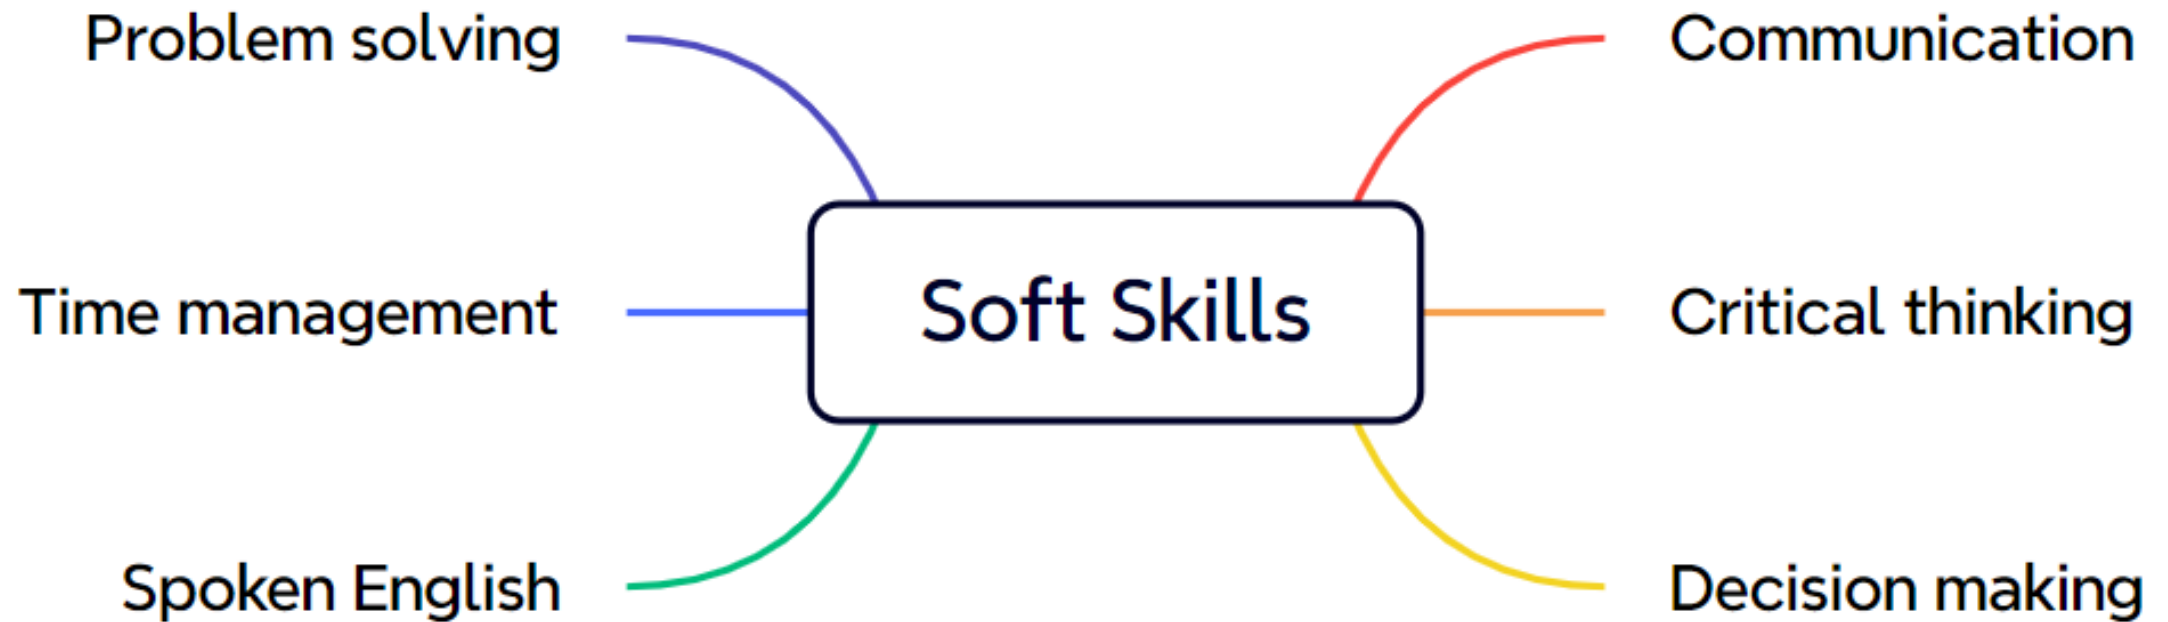

Technical Skills

Soft Skills from Projects

Soft Skills from Workshops & English Club

Encountered Challenges

Obstacles faced and how I addressed them

Encountered Challenges

Public speaking anxiety

Feeling nervous or hesitant when presenting ideas in front of others

Multiple tasks and frequent changes

Struggling to maintain focus while juggling tasks and adapting to frequent changes.

Slow learner

Taking more time to understand new concepts in unfamiliar domains

THANKS FOR WATCHING

Q&A
